## **Westell Technologies Updates Fiscal First Quarter Earnings Press Release Statement**

AURORA, IL, August 5, 2008- Westell Technologies, Inc. (NASDAQ: WSTL), a leading provider of broadband products, gateways and conferencing services, today updated information included in its fiscal first quarter earnings release issued on July 23, 2008.

### [July 23, 2008 Press Release](#)

In the 1<sup>st</sup> Quarter Highlights and the second paragraph of the fiscal first quarter earnings press release the Company referenced orders from Verizon and another fiber-based service provider for its UltraLine Series3 gateway product. Upon further review, the Company received orders in the quarter worth over \$14 million, versus the previously stated \$20 million from the original release.

The \$20 million of orders referenced in the original release actually referred to the sales value of orders the Company had placed with its outsourced manufacturer for the products. The Company buys products ahead of actual orders from its customers in order to meet anticipated demand. Westell commenced shipping of this product to Verizon today.

The update pertains to the aforementioned press release statement only and does not affect the Company's financial statements for the fiscal first quarter or its published guidance for the quarter ending September 30, 2008.
